

YELLOW THUNDER AMATEUR RADIO CLUB, INC.

NEWSLETTER

18 FEB. 70

The February meeting of the club was held the 10th at the Baraboo Municipal Building. Attendance was very good and all present enjoyed the film from NASA "Apollo 11 For All Mankind". K9GSC also had a short recording of Australis Oscar Five to play for the group. It was reported that the two meter beacon in Oscar Five was working normally, but modulation on the 29.450 MHz beacon was very low.

A report on progress of the Novice class group now underway was made by K9PKQ. We are about a third of the way through the sessions and turnout is good. The possibility exists of running a series of classes for General or Advanced Class later.

The idea of having certificates printed for the club to award to those persons helping the club was discussed. It was finally moved that the club have stationery printed instead and to use it for commendations as well as correspondence. K9JYX to do the job.

Field Day was discussed briefly. Volunteers for FD committees will be accepted at the March meeting. If you are interested in serving on a FD committee, contact Activities Manager K9GSC. It takes a little work to have a successful Field Day, so chip in and give a hand.

REMINDER DEP'T: If you entered the Wisconsin QSO Party and desire to enter your score in the Club competition, bring your log or a reasonable facsimile thereof to the March meeting. Prize to the highest scorer in each category,

FCC makes its quarterly visit to Milwaukee in April. If you plan to go for an amateur exam, I have form 610 in the files.

ON THE SCHEDULE DEP'T: For March meeting, program, K9JYX. Verrrrry interesting... all about the trials and tribulations of installing and operating an amateur radio station on a train... a circus train. Refreshments, WA9VZP.

Page Two

RESULTS DEP'T: All three amendments to the Constitution and By Laws that were proposed by K9GSC were approved.

NOTICE DEP'T: It was decided at the February meeting that non members should be dropped from the mailing list, effective with this mailing. The newsletter will be sent to non members upon receipt of a written request. It is expected that there will be mailings to non members on something like a semi annual basis.

PERSONAL DEP'T: To help members get to know each other a bit better, we'll take a look each month at a couple of members and give a little info. This month, let's take a look at our honorable president K9YHO, Harv Hamer. Harv lives in Baraboo and is a production supervisor at Soiltest, Inc. In their Baraboo plant, Soiltest makes electronic equipment for shallow depth investigation of the earth. The gear is used by contractors, geologists, prospectors, etc., to determine "What's down there and how deep is it?" Harv is married and has two sons. One son, Tom, is an associate member of the club and is studying in our Novice classes for his ham ticket. Our Vice President, K9GSC, Kenneth Ebnetter hails from Portage. Ken works full time as a service technician for Hays Music in Portage. He also is chief engineer for WPDR Radio. Ken is known in Navy Mars as NØUR. He held for the past eight years the ARRL post of SCM. As he is now past SCM, he sez: "Now maybe I'll have more time for ham radio". Rots of ruck, OM.. In winter, Ken is an avid curler and in summer, he tries to break 100 at the Portage Country Club. He likes to eat, too.

UP 'N' COMING EVENTS: (EXACT DATES LATER)

La st Sunday in May.. Belgium Hamfest Sponsored by the Ozaukee Radio Club in Belgium, Wis. )

First Sunday in June... Starved Rock Radio Club Hamfest, one of the biggest, at the LaSalle County Fairgrounds near Ottawa, Illinois.
